DETAILED ACTION

Terminal Disclaimer

The terminal disclaimer filed on 20 June 2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent 6,640,282 been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

Claims 1, 3-10 and 16-38 are allowed.

The following is an examiner's statement of reasons for allowance:

In regards to claim 1, the only prior art of record whose combination discloses applicant's claimed invention are commonly assigned and have been successfully overcome via the provisions set forth in 35 USC §103(c). As such, no valid prior art of record discloses powering up a memory cartridge by inserting the cartridge into a computer, initializing the cartridge, rebuilding the cartridge and verifying the validity of the cartridge, all while the computer system is operating. Therefore claim 1 and all claims dependent upon claim 1 are found allowable.

The examiners reasons for allowance of claims 16-38 were presented in the previous office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
